

04/02/2024

Dear Colleague,

As previously sent to you, Harlan Laboratories Ltd. is still keeping a source of some SOPF mice (SJL/JCrHsd , C57BL/6JRccHsd , C57BL/6J0laHsd and BALB/c0laHsd) in specialized isolators as a backup to our colonies.

We are still able to offer these strains from our stocks by special order.

Harlan Laboratories will, of course, provide full health monitoring reports on these models.

For more information regarding availability and price please contact our customer service dept at 02 5915602

Yours sincerely

Harley Goldstone
